

## iX ICE for ice machines, cubers and flakers

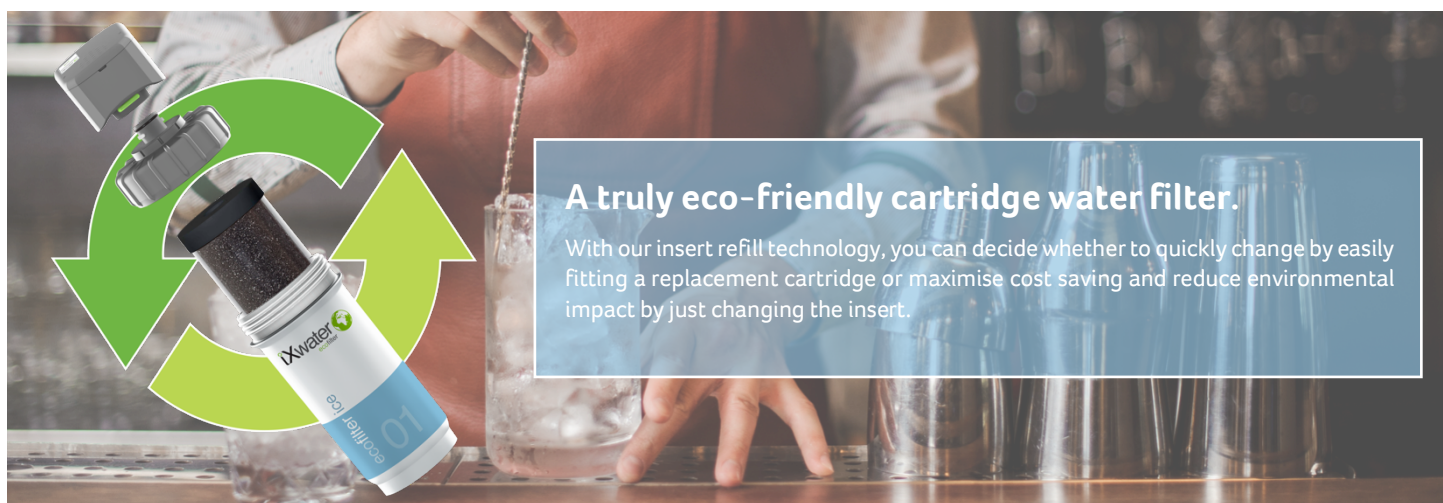

A refreshing cold drink isn't complete without ice! Freezing water to make ice causes the dissolved minerals in hard water to precipitate and coat working surfaces. This leads to increased energy costs and poor-quality ice. It will also lead to a reduction in ice production and will eventually cause equipment breakdown.

### BETTER QUALITY ICE AND ADVANCED EQUIPMENT PROTECTION

Make sure your ice cubes are bright and clear and protect your equipment from the potential damage of limescale.

iX ICE offers a new and ideal opportunity to bring down filtration costs whilst reducing your carbon footprint at the same time. Our iX ICE works with all major brands of flakers and cubers and comes with options for connections.

iX Head sold separately. [Click here](#) to view the spec sheet.

## Features & Benefits

- Reduces sediment, odour, and bacteria from incoming water, providing consistent, clear ice cubes every time
- Service calls associated with corrosion, sediment and scale build up in commercial cubers and flakers are reduced
- NSF Certified components & certified media
- Made in Britain
- Simple installation
- Quarter turn release mechanism shuts off water supply for easy maintenance
- Filter housing is re-usable, and filters are easy and economical to replace.
- No waste - replace & return the insert refill.
- Comes in two sizes, 01 and 02.

*The bypass on the iX Head when attached to the iX Ice filter, must be set to 0 to ensure no hard water is dialled back into the water supply.*

**CONTINUED OVERLEAF**

iX Ice Specifications	
Flow Rate (LPM)	7
Min Pressure	1.5 bar
Max Pressure	6 bar
Max Temperature (°c)	35
Connections	3/8" PF or 3/8" BSP
Operation Position	Vertical

This illustration serves as explanation of the filter technology. It is not to scale.

## Part Descriptions & Codes

Description	Dims H x W mm	Capacity (Ltrs)	Code
iX01 Ice Assembled Cartridge and Resin Refill (Without Head)	305 x 134	54,536	IX01ICECART-V2
iX02 Ice Assembled Cartridge and Resin Refill (Without Head)	475 x 134	123,026	IX02ICECART-V2

Description	Dims H x W mm	Capacity (Ltrs)	Code
iX01 Ice Refill and Spanner	234 x 94	54,536	IX01ICEREFILL-V2
iX02 Ice Refill and Spanner	404 x 94	123,026	IX02ICEREFILL-V2

Capacity based on water hardness of 12° Clarke / 180 PPM – with variable bypass set to 0.
